Dear Judith,

I write on behalf of the local authority to offer congratulations on your recently published Ofsted inspection report.

I note, in particular, inspectors recognised that leaders have brought about a shared vision for all pupils, including those with SEND, to experience a high-quality education and that pupils and families benefit from appropriate and timely pastoral support.

Please extend my warmest congratulations and thanks to your team for everything you do for our children and families.

Yours sincerely

James Stroyan
Group Director of People
