## Primary PE Sport Grant 2018 – 2019

### What is PE Sport Grant?

*'The grant must be spent on improving the provision of PE and sport for the benefit of pupils so that they develop healthy lifestyles.'*

The government is providing additional funding to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – has been allocated to primary schools.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Schools must spend the additional funding on improving their provision of PE and sport, but schools have been given the freedom to choose how they do this.

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Primary PE Sport Grant Awarded	
Total number of pupils on role	293
Lump sum	£16,000
Amount SG received per pupil (£10 x 293)	£2,930
Total amount of PE SG received	£18,930

Objectives of PE Sport Grant spending
To effectively use the Sports Grant to raise the profile and outcomes for children in PE, Sport and physical activity across the school
<ul style="list-style-type: none"><li>• To improve the provision of PE</li><li>• Broaden the sporting opportunities and experiences available to pupils</li><li>• To develop a love of sport and physical activities</li><li>• To promote a healthy lifestyle</li></ul>

## Impact of 2018 – 2019 Plan (Allocation £18,930)

As a school we recognise the importance of ensuring that our allocation of funding promotes sustainability. Everything we do within our planned activities is to add value to our school offer, in line with the school's overarching priorities.

Academic Year: 2018/19		Total fund allocated: £18,930		Date Updated: July 2019	
<b>Key indicator 1: The engagement of all pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school</b>			Percentage of total allocation – 27%		
School focus with clarity on intended <b>impact on pupils:</b>	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:	
Lunch Time multi skills activities coaching from outside agency	Organise 'Sporting Chance' Sports Company to deliver high quality, organised sporting activities to children at lunchtimes. (Available to all children) This helps upskill lunchtime supervisors.	£ 4180	Large numbers of KS1 children and KS2 children get involved with these organised sporting activities at lunchtime. (Dance, Football and other sporting activities)	This has encouraged children to become more active at break times and upskills lunchtime staff who could continue the sessions if funding was ever not available.	
Cyber Coach Online Dance Package	This package will enable children's attainment to be improved. Teachers will be given ideas and sequences from a virtual online dance specialist.	£325	This package has enabled children's attainment in dance to be improved. Teachers are developing greater competency in the area of dance and there is more participation from children.	This package has been running for a number of years now and with even greater success this year after refresher training.	
'Maths of the Day' online package to increase levels of physical activity within classrooms. This package helps to improve confidence, self-esteem and a healthy lifestyle. The package also raises attitude and attainment in maths (inc.mastery) at the same time. Package available to all year groups	Demonstrate to staff how to use the online package. 1000+ Active Maths lesson Plans for Teachers 250+ Active Maths Homework Instantly downloadable resources and lesson plans.	£645	'Maths of the Day' was purchased and staff training delivered. The package is now being used across the school and has helped increase levels of physical activity during lesson times. Children and staff have reported very positivity about the package.	This package will continue to be used in subsequent years.	
Continue to implement the 'Daily Mile' to ensure all pupils are undertaking at least 15 minutes of additional activity per day.	PE Co-ordinator and School Games Organiser to highlight the benefits of the 'daily mile' in a staff meeting and how it can be implemented. Encourage all staff to get involved.		Excellent participation from different classes.	Daily Mile is now firmly embedded into our school and children really enjoy this activity.	
Bikeability	Children in Year 5 will be offered the opportunity to attend 'Bikeability' sessions provided by Darlington Council		Children enjoyed the 'Bikeability' sessions and said they have a greater confidence in road safety.	This training will hopefully continue to be rolled out by Darlington Council.	

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement			Percentage of total allocation – 20%	
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
School Sports Organising Crew (SSOC); Assemblies and Extra notice boards- Whole School Assemblies	School Sports Organising Crew to host regular School Assemblies outlining weekly challenges, explaining their roles within the crew at celebrating achievements of pupils.	£200	School Sports Organising crew is established. Children have been given their uniform and are working on activities that will keep children in our school active.	This equipment, outdoor storage containers and School Sports Organising uniform which be used for many years to come.  Staff in Early years feel that since we have purchased and implemented these resources we are providing a high quality environment which responds to the unique needs of the children in the early years environment thus giving all children within our department the opportunity to develop their physical and motor development.
Equipment for SSOC and replenish Outdoor equipment for active playtimes. Additional large outdoor storage container. Uniform for SSOC Change for Life club	Ensure School Sports Organising Crew and change for life club have enough equipment/ resources	£600  £500	Two large outdoor storage containers have now been successfully installed- one on the Key Stage One yard and the other on the Key Stage Two yard. Children are really enjoying using the large variety of equipment and this is keeping them very active at break and lunchtimes	
To develop an outstanding EYFS outdoor provision which provides a strong commitment to support children's physical development and their need for movement rich lives.	Providing opportunities and resources to develop balance, postural control and co-ordination through the vestibular sense (spinning lids, see-saw, and rockers)	£300	Staff and children are using these resources in a range of ways such as through child initiated activities/ experiences, focus activities and motor interventions. Staff are enjoying using these resources and are highly engaged in the opportunities, experiences and challenges that they offer. Staff have noticed positive impact when using these resources with children with sensory processing difficulties, particularly those who are hypersensitive. Resources purchased are being used daily through sensory circuits.	
	Providing opportunities and resources to develop self-discovery and body control through floor and body games. (scramble net, large planks, soft play, small peanut ball, textured stepping stones, tunnels, lycra and soft elastics)	£900	This has a calming effect on the children and it would seem to indicate that children are developing their senses of body awareness (proprioception) and spatial orientation (the vestibular sense). We have tried to ensure that the resources we have ordered can be used to develop motor skills whatever stage of development a child is at, in order to provide a physical enriched environment that is inclusive.	
	Ensure that children have a highly flexible environment that encourages them to interact with resources in a very physical way. (bricks, large wooden construction sets, a range of loose materials with lost of interesting and enticing containers)	£1,300	This academic year we have continued to look at ways in which we can develop and strengthen children's core and balancing skills. Staff and children have used the wooden planks and stepping to create opportunities for children to develop their balancing skills. These resources have been used on a daily basis for children who have difficulty with balancing and in delivering OT programs. All children have developed from the baseline.
