

Meet our Nursery Team

Mrs Lawrance and myself would like to say a very big welcome to St George's Nursery, we are very much looking forward to developing a partnership with yourselves and supporting your child's learning and development in Nursery. We would like to take this opportunity to introduce ourselves to you and let you know a little about ourselves, so that we don't feel too much like strangers when you meet us during your child's transition visit.

We look forward to meeting you all and getting to know you.

Angela Taylor and Nicola Lawrance xxxx

I have been working at St George's in the Nursery for almost 14 years and wouldn't be anywhere else. I love to play, I love getting messy and I love that every minute in nursery is different and exciting – always bringing something new to enjoy and experience. This is down to the unique personalities that make up the nursery – our children! I can't wait to meet our new nursery children. I know we are going to have lots of fun. I have a son called Daniel who is all grown up with a house of his own. I live with my husband, Mike, and enjoy reading and gardening. I am obsessed with bunnies having had two house bunnies. I look forward to meeting you all. xxx

Hello to all the new parents and children, I am very excited to meet you all! I have worked at St George's Nursery for 8 years and have loved every minute of it. You will usually see me looking a lot messier than the children, covered in paint, glue, flour, slime or whatever it may be but I wouldn't have it any other way. I love working with 3 and 4 year olds, they are full of energy, so much fun and it is such a pleasure to be a part of their learning journey. I am lucky enough to have two children of my own – Imogen who is 6 and Dexter who is 2. We love doing lots of arts and crafts and going for bike rides together. I look forward to seeing you all soon. xxx
